DELEGATION FROM CHARLEROI ATTENDS REPUBLICAN RALLY

Large Number Of Voters Of This Place Go To Washington In Blaze Of Campaign Glory.

MARCH OVER STREETS

Interesting Addresses Are Made By Various Speakers--Mr. Thurston Not Present.

A large number from Charleroi, probably 250 persons, in a blaze of campaign glory went to Washington last night to attend the big Republican rally that was held in the town hall at that place. The Republicans of this place left mostly on the special cars at 5:45 o'clock, a special train taking the crowd from Finleville to Washington. When they pulled into the station at the latter place the train composed of eight coaches was ablaze with red fire which streamed from almost every window. The Charleroi delegation with white pennants and red fire marched in order from the station to the meeting hall. They were heartily cheered as they passed along the streets, which was lined with people.

The town hall where the speaking took place was well filled when the Charleroi delegation arrived and not all those from this place were able to gain admittance. An overflow meeting was held on the steps of the court house and addresses were made by W. M. Becham, Esq., of Pittsburgh, and J. N. McKay of the Washington Record.

At the town hall at 8:30 A. H. Anderson, Esq., chairman of the county committee called the meeting to order, and presented a list of names as president and vice presidents. Law Judge J. Frank Taylor was unanimously chosen presiding officer and after the applause had partially subsided Judge Taylor arose and, after assuring the vast audience that he was glad to respond to the call to preside at such a meeting, made a brief address. Judge Taylor read telegrams at the close of his address from Senator Thurston, of Nebraska, and Lieut. Gov. Murphy saying that both were unable to attend on account of family and personal sickness.

The Republican candidate for Congress, John K. Tener, of Charleroi, was then introduced by Judge Taylor; the applause was deafening, and it was some little time before sufficient quiet could be restored to allow the speaker to proceed. Mr. Tener, after a few introductory remarks, renewed his statement that he proposed to make good every pledge made during the primary campaign last spring, and added that he was interested in Kirk and Marion Kirk of Pittsburgh, Jessie Weddell and Rachel Allen of Monongahela. The ushers were Messrs. George Irons of Belle Vernon, Thomas Beall of Hazelwood. The bridesmaids were Misses Augusta Kirk and Marion Kirk of Pittsburgh, Jessie Weddell and Rachel Allen of Monongahela. The ushers were Messrs. George Irons of Belle Vernon, Wayne Hancock, of Monessen, A. Homan and Dr. J. W. Allen of Monongahela.

A reception was given at the home of the bride's parent last evening for the couple, only the immediate friends and relative of the families being present. The couple will take a trip through the south and will upon their return reside in Monessen where they will be at home to their friends after December first.

McKee, of Pittsburg, a veteran and a minister of the gospel. Maj. McKee was born and reared at Independence, Washington county, and made a heart-rending plea which was eloquently thrilling and won all auditors. His scathing denunciation of men who had been honored by the Republican party, and who went defeated at their own game were skulking and brandishing the knife and tomahawk, was a bit of invective worthy of a Cicero. He mentioned no names but everybody knew for whom it had a striking application and the huge audience fairly yelled its derision of such a self-styled "reformer" and ticket-cutting Republican. This was the most brilliant speech of the evening. At the close of this benedictive address, Judge Taylor called for three cheers for the entire ticket from top to bottom. They were led by the judge and the ticket was endorsed from "Bill Taft to Bill Courson."

The Charleroi people arrived home at about 1 o'clock.

SOCIAL EVENTS OF CHARLEROI

The L. C. B. A. dance last evening in the bank of Charleroi hall was a grand social success. A large number attended and all enjoyed themselves to the fullest extent. The music was good.

The Epworth league of the Methodist Episcopal church will hold a social at the home of Mr. and Mrs. Glunt, this evening. Just what the nature of the social will be is not announced but that it will be something out of the ordinary and at the same time most entertaining is stated as a fact.

The ladies of the First Baptist church met yesterday afternoon and reorganized an aid society of the church, it is to be known as the Dorcas society. Officers were elected. The society is arranging for a supper to be given, on Thursday, November 12.

Last evening at the M. E. church at Monongahela occurred the wedding of Miss Agnes LeMaster Gregg, the beautiful and accomplished daughter of Mr. and Mrs. Albert Gregg, of that place to Mr. Chauncey S. Duvall, a well known real estate dealer of Monessen. The ceremony was performed by Rev. J. S. Murial, pastor of the church, in the presence of a large host of friends of the couple, the pretty ring ceremony being used. The altar was beautifully decorated with palms and flowers. Miss Luella Scott presided at the organ. The bride was attired in a princess gown of white satin and carried a bouquet of bridal roses. The maid of honor was Mrs. George Irons of Belle Vernon and the best man was Mr. Thomas Beall of Hazelwood. The bridesmaids were Misses Augusta Kirk and Marion Kirk of Pittsburgh, Jessie Weddell and Rachel Allen of Monongahela. The ushers were Messrs. George Irons of Belle Vernon, Wayne Hancock, of Monessen, A. Homan and Dr. J. W. Allen of Monongahela.

A reception was given at the home of the bride's parent last evening for the couple, only the immediate friends and relative of the families being present.

The couple will take a trip through the south and will upon their return reside in Monessen where they will be at home to their friends after December first.

BLOODHOUNDS ON THE TRAIL OF MANOWN THIEVES

Burglars Steal Money And Valuables To Extent Of \$200.

STOP IN BLACK DIAMOND

The Charleroi bloodhound was taken to Manown yesterday by Detective W. H. Riggie, and Harvey Osborne, to trail burglars who the previous night had robbed the Federal Supply company's store at that place. There was a quantity of stuff taken together with some money, the entire in value being about \$200. Entrance was effected by the cutting of glass from the front door.

The blood hound took the trail at once and tracked the thieves up the river about a mile where it was evident that they had entered a boat. The hound regained the trail after being taken across the river but lost it again when at the railroad tracks. They were at Black Diamond during the course of the day it was learned and asked for water at three different places. Further search is being made today. Two Pittsburg detectives are also working on the case and expect to accomplish some results in a short time.

POULTRY SHOW AT MONESSEN

Monessen, Oct. 30.—Poultrymen are planning what gives ample promise of being one of the most successful poultry shows that has ever been held in this section of the state. A solid organization of officers and directors has been formed from the ranks of the foremost citizens of the town and their business ability and standing in the community insures the fair, impartial and competent management of the show. The dates will be the week of Dec. 21 to 19 and several admirable places are under consideration but quarters have not yet been definitely determined upon. The services of Judge H. A. Emmel, of Evans City, have been secured and it goes without saying that the awards will go where they belong.

A list of prizes including sixteen silver loving cups together with cash prizes and specials are offered. The rules are liberal and will be impartially and rigidly enforced. Owing to the shipping facilities which includes both the American and Adams express, birds are expected from far and near.

DEMOCRATIC RALLY

The Democrats of the Monongahela Valley are preparing to hold a big mass meeting at Monongahela tomorrow evening. Several bands have been engaged and a parade will probably precede the speaking which will be held in the National Opera house. Among those who will address the meeting are: Taton Keating, of Nebraska, A. J. Smith, of Pittsburg, and C. H. Akens of New Castle, the Democratic candidate for Congress. Democrats from all over the valley are preparing to attend.

Preparing For Street Railway

Monongahela, Oct. 30.—City Engineer Harlan with his assistants were at work here today on Park avenue preparing for the work which is to be started by the Monongahela and Carroll street railway. It is expected that the contractors of the work for the street railway will begin operations tomorrow.

Frank Pagula, the well known merchant of this place has returned home from an extended visit in Europe where he went in an effort to improve his health.

William Miller, of Johnstown has arrived in Charleroi, where he will be employed.

Miss Lulu Trice, of Fallowfield avenue, is spending the day in Pittsburg.

Miners Ask Lewis To Remove Organizers From This District

Sometime during the session today of the miners at Pittsburg a resolution will be voted upon asking that International President Lewis be asked to withdraw the organizers which were sent into the district by him secretly be removed, and it is evident that the miners will decide in favor of this, as the delegates are in accordance with the policies of District President Francis Feehan, with few exceptions. Another question of interest will come up. This will be concerning the expulsion of Vice President Clark. Mr. Lewis and his followers will oppose this but the delegates as a rule are in favor of voting him out and it is likely that he will go.

President Lewis has learned that he cannot control the miners of this district in the manner that he would desire. For the first time in the history of the 5th district a national president was hipped at the meeting this week. Mr. Lewis is not popular with the delegates and they thus showed their opinions of his methods, when he arose to speak.

The policies as outlined for the convention by Mr. Feehan will be carried out in every way and the popular president of this district who dares oppose the National president will be sustained in every case. It is understood.

MEETING OF THE HEALTH BOARD

The Charleroi Board of Health held a regular meeting last night and took up various matters which were in need of attention. A number of nuisances were reported, among the most important being the matter of closets in town, which are not equipped with flush apparatus and traps. Council will be asked to pass an ordinance regarding this matter.

Howard Mansfield was accepted by the board as a new member to take the place of Mr. Gelder, resigned. Council will be asked to elect him.

WELL KNOWN COUPLE ELOPES

Washington, Oct. 30.—Alice Curry, 18 years old, a well known young woman of Washington, and Robert Aubrey, son of R. L. Aubrey, a millionaire of Bridgeport, near Brownsville, eloped to Mt. Clemens Mich., Wednesday evening.

An uncle of the young man arrived in Washington yesterday morning from Brownsville. He held a hurried consultation with his nephew, and brother of Robert Aubrey, Thomas Aubrey, a student of Washington and Jefferson college, and then retained Attorney T. J. Duncan, of Washington. He left for Pittsburg yesterday afternoon. Every effort is being made to keep the elopement under cover but a few of the details have leaked out. Mrs. Philip Curry, mother of Miss Alice, was interrogated last night and talked freely. She had not received any word from the daughter, but expects to today.

GOVERNMENTAL TESTS OF MINES

Government tests of mine explosions in the new laboratory on the old Arsenal ground in Lawrenceville are proving strong drawing attractions for mine operators and mining experts all over the country, and as the work proceeds new visitors arrive in Pittsburg to witness the demonstration. Yesterday seven of the leading mine experts from Ohio arrived and today the Government experts will begin experiments of a special interest to them.

The mining experts have visited the Washington Coal company's mine at Star Junction, where a fire raged last week, and also the Hazel mine at Canonsburg, of the Pittsburg Coal company where there was a fire this week. The experts went into the mines with safety helmets and taught the miners how to wear them.

Miss Katherine Gloor entertained a number of friends at her home on Shady avenue last evening, it being a Halloween party. The evening was pleasantly spent in games and various other diversions. Music was a feature. A nice lunch was served.

The Francis Willard class of the M. E. Sunday school last night held a social at the home of a member, Miss Pearl Sphar, of Speers borough. A number went from here and spent the evening in an enjoyable manner with music and other diversions. An appetizing lunch was served by the class, consisting of the delicacies of the season.

Mrs. Chalmers Fronts, of Sixth street, has returned home from a visit in Selins Grove with friends and relatives.

INNOVATION FOR MINERS AT MARIANNA

Baths Will Be Installed By The Pittsburg--Buffalo Company.

NIGHT SCHOOL STARTED

The latest idea for the elevation of the condition of miners has been advanced at the Marianna mines, of the Pittsburg-Buffalo company, it being the installing of public baths and lockers for them. The employees can thus clean and dress up before returning to their homes, if the desire, looking like office employees. This innovation will be installed at the Marianna mines as soon as possible.

It is an acknowledged fact that the Marianna mines are among the largest in the country. The president of the company, John H. Jones, is interested in the bettering of the conditions of the miners and will work in their behalf. He has stated that they are going to have a model mine at Marianna, and says that they are going to have model workmen too. Already a night school for the benefit of the miners have been established. Brick houses are being erected for the miners to occupy, despite the laughs of many when the announcement of this intention on the part of the company was made. As soon as other things can be so arranged a library will be established, and the town of Marianna will indeed become a place that Washington countians can in the future point to with pride.

CONSTABULARY TO RETURN

In anticipation of a return to busy times four squads of state constabulary have been assigned to Fayette county, two of them returning to stations occupied by them up to several weeks ago and the other two being given entirely new stations. As at present contemplated, the four squads will be placed in Brownsville, Mason-town, Dunbar and Star Junction, the two latter places being the new stations.

Lieutenant Charles P. Smith, of Troop A, stationed at Greensburg, was in Uniontown endeavoring to close up all the details of the matter. Arrangements for finding quarters for the men and horses were entered into the matter will probably be closed up at once.

The details for Masontown and Brownsville will return this week. There will be four men in Brownsville under command of Private McLaughlin, while there will be three men in Masontown under Private Doerr.

The detachments at Star Junction and Dunbar will be each of three men, with horses. They will not be placed for about ten days or two weeks.

The Store That Belongs to the People.
Fancy Ohio potatoes 80c a bushel, sugar \$1.35 per 25 pound sack, ginger snaps, soda crackers, oyster crackers, coffee cakes, assorted 25c a peck or 25c a bushel, creamery butter 25c a pound, 2 dozen of lemons for 25c, canned pears, corn, baked beans, or string beans, assorted or straight 90c a dozen. 63tf

Mr. Albert DeRasse of 606 Fallowfield avenue desires to give private lessons in French 672tp.

WILL BE TRIED ON MURDER CHARGE

The trial of Mrs. Ida Palmer, charged with the killing of her husband, Frank Palmer, in East Pike street Canonsburg, last August, is set for November 16. The woman's mother, Mrs. Mary Roberts, will be tried as an accomplice, Constable John J. Miller is now subpoenaing witnesses in Canonsburg, and in all 23 will be summoned to appear in court to testify in the case.

Both women were indicted by the August grand jury, but the case was not tried at that term, a continuance being granted on the grounds that the defense was not ready to proceed. The amount of bail furnished by each defendant was \$1,500, a well known Canonsburg woman going on the bond.

Alex. M. Templeton will defend Mrs. Palmer and Mrs. Roberts, and it is understood that the defense will make a fight for acquittal on the grounds that Mrs. Palmer was justified in her act.

NARROW ESCAPE FROM ASPHYXIA BY GAS

Yesterday the pupils and teacher of the Mt. Lookout school, in West Bethlehem township had a narrow escape from asphyxiation when an obstruction in the stove pipe forced the fumes out into the school room. Several of the smaller children were overcome before the teacher, Miss Maud Harsh, of Washington, discovered the existence of the obnoxious gas in the room. All the pupils as well as Miss Harsh were sickened. The door and windows were thrown open and with the assistance of the older ones the teacher carried the suffering little ones out into the open air, where they were revived. Earnest and Marie Crile, Mary Grabie and Samuel Ross, were not revived until medical assistance was called.

Charleroi Beats Monongahela.

The Charleroi High school second team yesterday afternoon defeated the Monongahela second High school team yesterday afternoon at the latter place, by the score of 6-5, in a fast and interesting game. Michener, the Charleroi fullback scored the touchdown and Smith kicked goal. Harrison, the right halfback of Monongahela made their touchdown. The visitors worked the forward pass to good advantage. On this Smith made two nice games. Charleroi's lineup was composed of the following: Michener, Smith, Charles, Chester, Campbell, Lee, Martin, Piersol, Richards, Jameson, McDermott, Nickles and Michener. The Monongahela eleven had the following players in line: Davidson, Coatsworth, Bonnell, Devore, Weygandt, Robinson, Willoughby, Neff, Davidson, Wilson and Newell.

A Few Reasons.

The chances are that the merchant
who does not realize results from his
advertising is the one who does not
make his ad attractive, who neglects
to put force in it and then fails to
back up his assertions. Mis-state-
ments have no place in the ad intended
to bring result to the advertiser.
The merchant who inaugurates an
advertising campaign will reap ten
fold better results if he teaches the
readers of his ad through practical
demonstration, that it pays to look
for his ad first and that an advertised
bargain is a bargain in fact. Most
people are naturally skeptical. They
want to be shown. It is alright to
advertise "no trouble to show goods"
but the answer of an ad wants to
see more. Through the handling of
a customer behind the counter a busi-
ness man can do much in the educa-
tion of the public to read, believe
and answer ads. The newspaper can
and does so much in this education
but it must have the co-operation of
the business man and every clerk in
his store and with the latter a little
missionary work from the proprietor
might do well in obtaining the ends
sought. The people must be educat-
ed to read ads and to believe through
personal knowledge and experiment
that the assertions are reliable. Then
ads will be answered and advertising
will pay.

Inter-Changeable Connections.

A plea has been made that the local
firemen secure inter-changeable con-
nections for their hose so that if we
should have a fire here and need the
aid of other companies from different
towns, or are called upon to aid some
other place in fighting the flames
there be no trouble in putting the hose
together no matter what size it is or
what kind of connections the other
companies have. The idea is a good
one should be given consideration by
the borough council. It would entail
a very little expense to purchase the

That's the way our customers do when they buy "ALCO SYSTEM CLOTHES." They feel the need of a Fall overcoat, and if it rains they would need another, so we combine the two in this one garment, and it is a great success—in various fabrics, \$10.00 to \$22.50.

Buying "ALCO" ready-to-wear clothes is better than patronizing a tailor—its quicker and more satisfactory. Besides it is hardly wise to waste the time and pay tailor's price for made-to-measure garments when you can buy our high grade "ALCO" clothes for less money and still have all the hand-tailored niceties that go with fine clothes.

We have Fall styles in all the handsome new colorings, perfect in fit and outline, for young men, men and older men—\$10.00 to \$25.00.

ONE MILLION DOLLARS FOR A GOOD STOMACH

This Offer Should Be a
Warning To Every Man
And Woman.

The newspapers and medical journals recently have had much to say relative to a famous millionaire's offer of a million dollars for a new stomach.

This great multi-millionaire was too busy to worry about the condition of his stomach. He allowed his dyspepsia to run from bad to worse until in the end it became incurable.

His misfortune serves as a warning to others.

Everyone who suffers with dyspepsia for a few years will give everything he owns for a new stomach.

Dyspepsia is caused by an abnormal state of the gastric juices. There is one element missing. The absence of this destroys the function of the gastric fluids. They lose their power to digest food.

We are now able to supply the missing element—to restore to the gastric juices their digestive power, and to make the stomach strong and well.

We know that Rexall Dyspepsia Tablets will positively and permanently cure disordered stomachs, indigestion and dyspepsia.

We want you to try them and will return your money if you are not more than satisfied with the result.

Price, 25 cents. Only at our store, or by mail, John W. Carroll, Charleroi, Pa.

STETSON

If you have
foot troubles

you cannot do good
work with your hand or your brain. To think
right—to work right—you must be foot free.

The "STETSON LAST"

was modeled for the man who would teach foot distress. For ten years it has steadily become more popular. It is comfortable, attractive, and will fit perfectly nine out of ten normal feet. If the shoe you've been wearing hasn't fitted, hasn't looked as well as the best-looking shoe you've seen, hasn't given you a dollar's worth of wear for every dollar spent, see if you buy the "STETSON" when you see it.

The "Stetson Last" is but one of a full line of Fall and Winter Stetsons, made in many styles and all leathers, carried by your local shoe man who displays the Red Diamond Sign.

LOOK THE LINE UP TODAY

Every man should have our new book, "THE RIGHT TO KNOW." It turns the X-ray on shoe-making. It tells why some shoes are better than others, and why they cost more to make, look better, and wear longer. It illustrates twelve attractive Stetson models that sell for \$5.50 to \$9.00. A Nerve Specialist's Warning

His Experience with Women and Shoes

"I've had women come to me who were on the very verge of nervous prostration. When I called attention to their shoes, they became indignant.

"Insomnia, neuralgia and neurasthenia result from a wearing strain on your nerves. Shoes may cause it as well as worry. A shoe that hurts, makes one irritable. Constant irritability causes indigestion, eventually dyspepsia. The many disorders, resulting from shoes that hurt, are too often of a far more serious nature than bunions, corns and callouses."

Have you given shoes the consideration they deserve? Do you realize how much they effect the health of your entire body?

Throw away your present shoes. Get a pair of Red Cross. Then notice the difference. You don't know how easy, how restful shoes can be until you wear the Red Cross.

As one of our customers said, "They make you feel more like you had new feet than new shoes."

This wonderful relief from the strain and tension on the nerves in your feet is felt by every nerve in your body.

It means more strength, greater energy, better health!

It doubles your capacity for work or pleasure.

Price is a Good Salesman
But Quality is a Better One.

DELEGATION FROM CHARLEROI ATTENDS REPUBLICAN RALLY

Large Number Of Voters Of This Place Go To Washington In Blaze Of Campaign Glory.

MARCH OVER STREETS

Interesting Addresses Are Made By Various Speakers—Mr. Thurston Not Present.

A large number from Charleroi, probably 250 persons, in a blaze of campaign glory went to Washington last night to attend the big Republican rally that was held in the town hall at that place. The Republicans of this place left mostly on the special cars at 5:45 o'clock, a special train taking the crowd from Finlerville to Washington. When they pulled into the station at the latter place the train composed of eight coaches was ablaze with red fire which streamed from almost every window. The Charleroi delegation with white pennants and red fire marched in order from the station to the meeting hall. They were heartily cheered as they passed along the streets, which was lined with people.

The town hall where the speaking took place was well filled when the Charleroi delegation arrived and not all those from this place were able to gain admittance. An overflow meeting was held on the steps of the court house and addresses were made by W. M. Berham, Esq., of Pittsburgh, and J. V. McKay of the Washington Record.

At the town hall at 8:30 A. H. Anderson, Esq., chairman of the county committee called the meeting to order, and presented a list of names as president and vice presidents. Law Judge J. Frank Taylor was unanimously chosen presiding officer and after the applause had partially subsided Judge Taylor arose and, after assuring the vast audience that he was glad to respond to the call to preside at such a meeting, made a brief address. Judge Taylor read telegrams at the close of his address from Senator Thurston, of Nebraska, and Lieut. Gov. Murphy saying that both were unable to attend on account of family and personal sickness.

The Republican candidate for Congress, John K. Tener, of Charleroi, was then introduced by Judge Taylor: the applause was deafening, and it was some little time before sufficient quiet could be restored to allow the speaker to proceed. Mr. Tener, after a few introductory remarks, renewed his statement that he proposed to make good every pledge made during the primary campaign last spring, and added that he was interested in and fighting for the entire Republican ticket, just as much as for his own candidacy. At this point, he was again interrupted by great applause. In closing Mr. Tener appealed to every loyal Republican to stand for the entire ticket. The response that came showed plainly the unanimous approval of the big candidate's sentiments by all who heard him.

Senator E. E. Robbins of Greensburg, made an address and received an ovation. A Glee Club furnished music after which M. M. Garland of Pittsburgh spoke. His address was to the laboring class. He was followed by Maj. Jas. D.

McKee, of Pittsburgh, a veteran and a minister of the gospel. Maj. McKee was born and reared at Independence, Washington county, and made a heart searching plea which was eloquently thrilling and won all auditors. His scathing denunciation of men who had been honored by the Republican party, and who went defeated at their own game were skulking and brandishing the knife and tomahawk, was a bit of invective worthy of a Cicero. He mentioned no names but everybody knew for whom it had a striking application and the huge audience fairly yelled its derision of such a self-styled "reformer" and ticket-cutting Republican. This was the most brilliant speech of the evening.

At the close of this benedictive address, Judge Taylor called for three cheers for the entire ticket from top to bottom. They were led by the judge and the ticket was endorsed from "Bill Taft to Bill Courson."

The Charleroi people arrived home at about 1 o'clock.

SOCIAL EVENTS OF CHARLEROI

The L. C. B. A. dance last evening in the bank of Charleroi was a grand social success. A large number attended and all enjoyed themselves to the fullest extent. The music was good.

The Epworth league of the Methodist Episcopal church will hold a unique social at the home of Mr. and Mrs. Glunt, this evening. Just what the nature of the social will be is not announced but that it will be something out of the ordinary and at the same time most entertaining is stated as a fact.

The ladies of the First Baptist church met yesterday afternoon and reorganized an aid society of the church, it is to be known as the Dorcas society. Officers were elected. The society is arranging for a supper to be given, on Thursday, November 12.

Last evening at the M. E. church at Monongahela occurred the wedding of Miss Agnes LeMaster Gregg, the beautiful and accomplished daughter of Mr. and Mrs. Albert Gregg, of that place to Mr. Chauncey S. Duval, a well known real estate dealer of Monessen. The ceremony was performed by Rev. J. S. Morial, pastor of the church, in the presence of a large host of friends of the couple, the pretty ring ceremony being used. The altar was beautifully decorated with palms and flowers. Miss Luella Scott presided at the organ. The bride was attired in a princess gown of white satin and carried a bouquet of bridal roses. The maid of honor was Mrs. George Irons of Belle Vernon and the best man was Mr. Thomas Beall of Hazelwood. The bridesmaids were Misses Augusta Kirk and Marion Kirk of Pittsburgh, Jessie Weddell and Rachel Altien of Monongahela. The ushers were Messrs. George Irons of Belle Vernon, Wayne Hancock, of Monessen, A. Roman and Dr. J. W. Allen of Monongahela.

A reception was given at the home of the brides parent last evening for the couple, only the immediate friends and relative of the families being present.

The couple will take a trip through the south and will upon their return reside in Monessen where they will be at home to their friends after December first.

BLOODHOUNDS ON THE TRAIL OF MANOWN THIEVES

Burglars Steal Money And Valuables To Extent Of \$200.

STOP IN BLACK DIAMOND

The Charleroi bloodhound was taken to Manown yesterday by Detective W. H. Kiggle, and Harvey Osborne, to trail burglars who the previous night had robbed the Federal Supply company's store at that place. There was a quantity of stuff taken together with some money, the entire in value being about \$200. Entrance was effected by the cutting of glass from the front door.

The blood hound took the trail at once and tracked the thieves up the river about a mile where it was evident that they had entered a boat. The hound regained the trail after being taken across the river but lost it again when at the railroad tracks. They were at Black Diamond during the course of the day it was learned and asked for water at three different places. Further search is being made today. Two Pittsburgh detectives are also working on the case and expect to accomplish some results in a short time.

POULTRY SHOW AT MONESSEN

Monessen, Oct. 30.—Poultrymen are planning what gives ample promise of being one of the most successful poultry shows that has ever been held in this section of the state. A solid organization of officers and directors has been formed from the ranks of the foremost citizens of the town and their business ability and standing in the community insures the fair, impartial and competent management of the show. The dates will be the week of Dec. 21 to 19 and several admirable places are under consideration but quarters have not yet been definitely determined upon. The services of Judge H. A. Emmel, of Evans City, have been secured and it goes without saying that the awards will go where they belong.

A list of prizes including sixteen silver loving cups together with cash prizes and specials are offered.

The rules are liberal and will be impartially and rigidly enforced. Owing to the shipping facilities which includes both the American and Adams express, birds are expected from far and near.

DEMOCRATIC RALLY

The Democrats of the Monongahela Valley are preparing to hold a big mass meeting at Monongahela tomorrow evening. Several bands have been engaged and a parade will probably precede the speaking will be held in the National Opera house. Among those who will address the meeting are: Taton Keating, of Nebraska, A. J. Smith, of Pittsburgh, and C. H. Akens of New Castle, the Democratic candidate for Congress. Democrats from all over the valley are preparing to attend.

Preparing For Street Railway

Monongahela, Oct. 30.—City Engineer Hanlon with his assistants were at work here today on Park avenue preparing for the work which is to be started by the Monongahela and Carroll street railway. It is expected that the contractors of the work for the street railway will begin operations tomorrow.

Frank Fagola, the well known merchant of this place has returned home from an extended visit in Europe where he went in an effort to improve his health.

William Miller, of Johnstown has arrived in Charleroi, where he will be employed.

Miss Lela True, of Fallowfield avenue, is spending the day in Pittsburgh.

Miners Ask Lewis To Remove Organizers From This District

Sometime during the session today of the miners at Pittsburgh a resolution will be voted upon asking that International President Lewis be asked to withdraw the organizers which were sent into the district by him secretly be removed, and it is evident that the miners will decide in favor of this, as the delegates are in accordance with the policies of District President Francis Feehan, with few exceptions. Another question of importance concerning the expulsion of Vice President Clark. Mr. Lewis and his followers will oppose this but the delegates as a rule are in favor of voting him out and it is likely that he will go.

President Lewis has learned that he cannot control the miners of this district in the manner that he would desire. For the first time in the history of the 5th district a national president was hissed at the meeting this week. Mr. Lewis is not popular with the delegates and they thus showed their opinions of his methods, when he arose to speak.

The policies as outlined for the coming year in every way and the popular president of this district who dares oppose the National president will be sustained in every case, it is understood.

MEETING OF THE HEALTH BOARD

The Charleroi Board of Health held a regular meeting last night and took up various matters which were in need of attention. A number of nuisances were reported, among the most important being the matter of closets in town, which are not equipped with flush apparatus and traps. Council will be asked to pass an ordinance regarding this matter.

Howard Mansfield was accepted by the board as a new member to take the place of Mr. Gelder, resigned. Council will be asked to elect him.

WELL KNOWN COUPLE ELOPES

Washington, Oct. 30.—Alice Currey, 18 years old, a well known young woman of Washington, and Robert Aubrey, son of R. L. Aubrey, a millionaire of Bridgeport, near Brownsville, eloped to Mt. Clemens Mich., Wednesday evening.

An uncle of the young man arrived in Washington yesterday morning from Brownsville. He held a hurried consultation with his nephew, and brother of Robert Aubrey, Thomas Aubrey, a student of Washington and Jefferson college, and then retained Attorney T. J. Duncan, of Washington. He left for Pittsburgh yesterday afternoon.

Every effort is being made to keep the elopement under cover but a few of the details have leaked out. Mrs. Philip Currey, mother of Miss Alice, was interrogated last night and talked freely. She had not received any word from the daughter, but expects to today.

GOVERNMENTAL TESTS OF MINES

Government tests of mine explosions in the new laboratory on the old Arsenal ground in Lawrenceville are proving strong drawing attractions for mine operators and mining experts all over the country, and as the work proceeds new visitors arrive in Pittsburgh to witness the demonstration. Yesterday seven of the leading mine experts from Ohio arrived and today the Government experts will begin experiments of a special interest to them.

The mining experts have visited the Washington Coal company's mine at Star Junction, where a fire raged last week, and also the Hazel mine at Canonsburg, of the Pittsburgh Coal company where there was a fire this week. The experts went into the mines with safety helmets and taught the miners how to wear them.

Miss Katherine Gloor entertained a number of friends at her home on Shady avenue last evening, it being a Halloween party. The evening was pleasantly spent in games and various other diversions. Music was a feature. A nice lunch was served.

The Francis Willard class of the M. E. Sunday school last night held a social at the home of a member, Miss Pearl Spahr, of Snodgrass house. A number went from here and spent the evening in an enjoyable manner with music and other diversions. An appetizing lunch was served by the class, consisting of the delicacies of the season.

Mrs. Chas. F. Smith, of Sixth street, has returned home from a visit to Solon Grove with friends and family.

WILL BE TRIED ON MURDER CHARGE

The trial of Mrs. Ida Palmer, charged with the killing of her husband, Frank Palmer, in East Pike street Canonsburg, last August, is set for November 16. The woman's mother, Mrs. Mary Roberts, will be tried as an accomplice. Constable John J. Miller is now subpoenaing witnesses in Canonsburg, and in all 23 will be summoned to appear in court to testify in the case.

Both women were indicted by the August grand jury, but the case was not tried at that term, a continuance being granted on the grounds that the defense was not ready to proceed. The amount of bail furnished by each defendant was \$1,500, a well known Canonsburg woman going on the bond.

Alex. M. Templeton will defend Mrs. Palmer and Mrs. Roberts, and it is understood that the defense will make a fight for acquittal on the grounds that Mrs. Palmer was justified in her act.

NARROW ESCAPE FROM ASPHYXIA BY GAS

Yesterday the pupils and teacher of the Mt. Lookout school, in West Bethlehem township had a narrow escape from asphyxiation when an obstruction in the stove pipe forced the fumes out into the school room. Several of the smaller children were overcome before the teacher, Miss Maud Harsh, of Washington, discovered the existence of the obnoxious gas in the room. All the pupils as well as Miss Harsh were sickened. The door and windows were thrown open and with the assistance of the older ones the teacher carried the suffering little ones out into the open air, where they were revived. Earnest and Marie Crile, Mary Grable and Samuel Ross, were not revived until medical assistance was called.

Charleroi Beats Monongahela.

The Charleroi High school second team yesterday afternoon defeated the Monongahela second High school team yesterday afternoon at the latter place, by the score of 6-5, in a fast and interesting game. Michener, the Charleroi fullback scored the touchdown and Smith kicked goal. Harrison, the tight halfback of Monongahela made their touchdown. The visitors worked the forward pass to good advantage. On this Smith made two nice games. Charleroi's lineup was composed of the following: Michener, Smith, Charles, Chester, Campbell, Lee, Martin, Piersol, Richards, Jameson, McDermott, Nickles and Michener. The Monongahela eleven had the following players in line: Davidson, Coatsworth, Bonnell, Devore, Weygandt, Robinson, Willoughby, Neff, Davidson, Wilson and Newell.

INNOVATION FOR MINERS AT MARIANNA

Baths Will Be Installed By The Pittsburgh—Buffalo Company.

NIGHT SCHOOL STARTED

The latest idea for the elevation of the condition of miners has been advanced at the Marianna mines, of the Pittsburgh-Buffalo company, it being the installing of public baths and lockers for them. The employees can thus clean and dress up before returning to their homes, if the desire, looking like office employees. This innovation will be installed at the Marianna mines as soon as possible.

It is an acknowledged fact that the Marianna mines are among the largest in the country. The president of the company, John H. Jones, is interested in the bettering of the conditions of the miners and will work in their behalf. He has stated that they are going to have a model mine at Marianna, and says that they are going to have model workmen too. Already a night school for the benefit of the miners have been established. Brick houses are being erected for the miners to occupy, despite the laughs of many when the announcement of this intention on the part of the company was made. As soon as other things can be so arranged a library will be established, and the town of Marianna will indeed become a place that Washington countians can in the future point to with pride.

CONSTABULARY TO RETURN

In anticipation of a return to bust times four squads of state constabulary have been assigned to Fayette county, two of them returning to stations occupied by them up to several weeks ago and the other two being given entirely new stations. As at present contemplated, the four squads will be placed in Brownsville, Mason-town, Dunbar and Star Junction, the two latter places being the new stations.

Lieutenant Charles P. Smith, of Croop A, stationed at Greensburg, was in Uniontown endeavoring to close up all the details of the matter. Arrangements for finding quarters for the men and horses were entered into the matter will probably be closed up at once.

The details for Masontown and Brownsville will return this week. There will be four men in Brownsville under command of Private McLaughlin, while there will be three men in Masontown under Private Doerr.

The detachments at Star Junction and Dunbar will be each of three men, with horses. They will not be placed for about ten days or two weeks.

A Few Reasons.
The chances are that the merchant
who does not realize results from his
advertising is the one who does not
make his ad attractive, who neglects
to put force in it and then fails to
back up his assertions. Mis-statements
have no place in the ad intended to
bring result to the advertiser.
The merchant who inaugurates an
advertising campaign will reap ten
fold better results than he touches the
readers of his ad through practical
demonstration, that it pays to look
for his ad first and that an advertised
bargain is a bargain in fact. Most
people are naturally skeptical. They
want to be shown. It is alright to
advertise "no trouble to show goods"
but the answerer of an ad wants to
see more. Through the handling of
a customer behind the counter a busi-
ness man can do much in the educa-
tion of the public to read, believe
and answer ads. The newspaper can
and does so much in this education
but it must have the co-operation of
the business man and every clerk in
his store and with the latter a little
missionary work from the proprietor
might do well in obtaining the ends
sought. The people must be educated
to read ads and to believe through
personal knowledge and experiment
that the assertions are reliable. Then
ads will be answered and advertising
will pay.

Inter-Changeable Connections.
A plea has been made that the local
firemen secure inter-changeable con-
nections for their hose so that if we
should have a fire here and need the
aid of other companies from different
towns, or are called upon to aid some
other place in fighting the flames
there be no trouble in putting the hose
together no matter what size it is or
what kind of connections the other
company have. The plea is a good
one should be given consideration by
the borough council. It would entail
a very little expense to purchase the

Electric Sparks.

A Richmond man who had just eaten
a hearty supper and been rejected by
his sweetheart killed himself. Here
is another fatal combination akin to
the other two.

It sure would be a warning to bank-
cashiers who are contemplating em-
bezzling funds of the bank, if Mont-
gomery, should get the eighty years
sentence when is possible.
Furry just what things the rival
papers can find to say about the re-
spective cardinals, supported by the
other isn't it. The strange part of
it is that they nearly always tell the
truth about Bryan.

What we want to know, is that a
horse show that they are having in
Pittsburg now, or is it just a place
for the women to go to show their
new hats and lovely creations of
gowns.

If we could see as others see us
the chances are that we would go to
some out of way place and commit
suicide or adjourn to some commu-
nity, where man is never to be found
an debt out the solitary existence of
a hermit.

When a man's wife starts in to buy
a belt pin, the doting hubby had bet-
ter arrange to take an extended trip,
—on business, of course and pocket
all the money he can find to take
along, because its odds that she will
want a new gown and new hat to
match.

didn't you stop.

Briefs of the County

Paris, Oct. 29.—The discovery of
oil on the Pressley Boyd farm near
this place last week has caused some
little stir among the oil men in this
locality. The well is believed to be
a 20 barrel producer. It is somewhat
out of the line of the other producers
in this section and it is now believed
that a paying field will be developed.

Washington, Oct. 30.—Leland

Making More Than a Living

Nearly every man who works steadily makes more than a living. During these slow times the men who have saved something appreciate what it is to have something laid away for a rainy day. A few cents a day soon counts up, and when savings are placed in a bank at a tidy interest the sum soon grows to proportions that make it a safeguard against want when work is not plentiful. Figure up how much more than a living you are making now, and place the difference in this bank. Four per cent. interest paid in savings department.

ONE MILLION DOLLARS FOR A GOOD STOMACH

This Offer Should Be a Warning To Every Man And Woman.

The newspapers and medical journals recently have had much to say relative to a famous millionaire's offer of a million dollars for a new stomach.

This great multi-millionaire was too busy to worry about the condition of his stomach. He allowed his dyspepsia to run from bad to worse until in the end it became incurable.

His misfortune serves as a warning to others.

Everyone who suffers with dyspepsia for a few years will give everything he owns for a new stomach.

Dyspepsia is caused by an abnormal action of the gastric juices. There is one element missing. The absence of this destroys the function of the gastric fluids. They lose their power to digest food.

We are now able to supply the missing element—to restore to the gastric juices their digestive power, and to make the stomach strong and well.

We know that Rexall Dyspepsia Tablets will positively and permanently cure disordered stomachs, indigestion and dyspepsia.

We want you to try them and will return your money if you are not more than satisfied with the result.

Price, 25 cents. Only at our store, or by mail. John W. Carroll, Charleroi, Pa.

STETSON

If you have foot troubles you cannot do good work with your hand or your brain. To think right—to work right—you must be foot free.

The "STETSON LAST"

was modeled for the man who would banish foot distress. For ten years it has steadily become more popular. It is comfortable, attractive, and will fit perfectly nine out of ten normal feet. If the shoe you've been wearing hasn't fitted, hasn't lasted as well as the best-looking shoe you've seen, hasn't given you a dollar's worth of wear; for every dollar spent you'd buy the "STETSON" when you see it.

The "Stetson Last" is but one of a full line of Fall and Winter Stetsons, made in many styles and all leathers, carried by your local shoe man who displays the Red Diamond Sign.

LOOK THE BEST TODAY

Every man should have our new book, "THE RIGHT WAY TO KNOW." It turns the X-ray on shoe-making. It tells you some things better than others, and why they cost more to make, look better, and wear longer. It illustrates twelve attractive Stetson models that sell for \$5.50 to \$9.00. COME IN COATLESS GO OUT COATED

That's the way our customers do when they buy "ALCO SYSTEM CLOTHES." They feel the need of a Fall overcoat, and if it rains they would need another, so we combine the two in this one garment, and it is a great success—in various fabrics, \$10.00 to \$22.50.

Buying "ALCO" ready-to-wear clothes is better than patronizing a tailor—its quicker and more satisfactory. Besides it is hardly wise to waste the time and pay tailor's price for made-to-measure garments when you can buy our high grade "ALCO" clothes for less money and still have all the hand-tailored niceties that go with fine clothes.

We have Fall styles in all the handsome new colorings, perfect in fit and outline, for young men, men and older men—\$10.00 to \$25.00.

WEATHERS—The new coat style for men and boys in all colors. The very best values ever offered—Boys from 25c to \$1.25; men's 50c to \$5.00.

A Nerve Specialist's Warning

His Experience with Women and Shoes

"I've had women come to me who were on the very verge of nervous prostration. When I called attention to their shoes, they became indignant.

"Insomnia, neuralgia and neurasthenia result from a wearing strain on your nerves. Shoes may cause it as well as worry. A shoe that hurts, makes one irritable. Constant irritability causes indigestion, eventually dyspepsia. The many disorders, resulting from shoes that hurt, are too often of a far more serious nature than bunions, corns and callouses."

Have you given shoes the consideration they deserve? Do you realize how much they effect the health of your entire body?

Throw away your present shoes. Get a pair of Red Cross. Then notice the difference. You don't know how easy, how restful shoes can be until you wear the Red Cross.

As one of our customers said, "They make you feel more like you had new feet than new shoes."

This wonderful relief from the strain and tension on the nerves in your feet is felt by every nerve in your body.

It means more strength, greater energy, better health!

It doubles your capacity for work or pleasure.
